Community Meeting - September 8, 2025

Elections

- Elections timeline
  - September 8: Open call for candidates to Steering and Outreach Committees
  - October 1: Run Steering election
  - October 6: Run Outreach election

ClearlyDefined charter

Elections

- Steering Committee
  - E. Lynette Rayle (GitHub) - Chair
  - Qing Tomlinson (SAP)
  - Jeff Mendoza (Kusari/GUAC)

Elected for a one-year term starting on September 25, 2024

Elections

- Steering Committee
  - setting the technical direction of the ClearlyDefined project, establishing main goals and identifying key technical priorities;
  - overseeing all processes (harvest, curate, contribute, serve), ensuring that the underlying architecture enables these processes to run smoothly;
  - empowering the community (data curator, data contributor, data consumer, and code committer/maintainer), providing all the technical support necessary to achieve ClearlyDefined's mission;
  - establishing open collaboration with adjacent projects that are part of the ecosystem.

Elections

- Outreach Committee
    - Jeff Luszcz (GitHub)
    - Alyssa Wright (Bloomberg)
    - Brian Duran (SAP)
    - Nick Vidal (Open Source Initiative)

Elected for a one-year term starting on October 7, 2024

Elections

- Outreach Committee
  - planning and executing efforts to promote the ClearlyDefined project to potential users and contributors;
  - organizing activities across events worldwide, both virtual and in person, to bring together existing community members and attract new ones;
  - creating educational material (documentation, whitepapers, webinars, podcasts, etc) to help individuals and companies understand how to use and contribute to the ClearlyDefined project;
  - managing communication across different channels (website, blog, social media, and press releases).

Thank you
